STANDING ORDER D-1, 1994

The Council of Management of TIFR has approved to bring all activities and facilities of the Radio Astronomy Group at Ooty, Pune, Khodad and Narayangaon under the overall functional control of the National Centre for Radio Astrophysics (NCRA). The NCRA, apart from continuing research in radio astronomy and astrophysics and to keep the Ooty Radio Telescope in operation, will also be concerned in setting up GMRT as a National Facility and to plan for its optimum scientific exploitation.

As per bye-law no. 6 (as amended) of the Rules & Bye-laws of the Institute, the NCRA will continue to remain under the control of the School of Physics. The Head of the Centre (NCRA) is to be designated as Director, NCRA.

A Management Board is to be constituted to oversee and monitor all activities of NCRA under the Chairmanship of Director, TIFR. The NCRA Management Board (NMB) will concern itself with the overall management of the Centre, including staff, telescope facilities such as ORT and GMRT, infrastructural facilities such as buildings, roads and other installations, etc. and framing policies for developing and running the Centre as an outstanding research and training facility.
