

How to get connected to “Hostel” wireless network in IOS Operating System

Note: Only TIFR hostel residents residing in Brahmagupta and Patanjali are permitted to use the wireless network. Devices used for wireless internet access in the hostel must be registered through Service Request System ([SRS](#)).

1. Under Settings | Wi-Fi | Select **Hostel**.
2. Enter your Username as “your LDAP/mailhost username”.
3. Enter your Password as “your LDAP/mailhost password”.
4. Then click on Join button.
5. Click on Trust button, to connect to the Hostel.
6. Tick mark at “**Hostel**” shows that your now connected to “**Hostel**” network.
