

How to get connected to Hostel wireless network in MAC Operating System

Note: Only TIFR hostel residents residing in Brahmagupta and Patanjali are permitted to use the wireless network. Devices used for wireless internet access in the hostel must be registered through Service Request System ([SRS](#)).

To configure wireless parameters one must have administrator's rights on the device.

1. Click on the wireless icon in the top menu.
2. Select **Hostel** network.
3. When prompted, login as follows
 - Username: your LDAP/mailhost username.
 - Password: your LDAP/mailhost password.
4. Click on **Join** button to connect to the network.
