

**Thesis: First submission after Revision (After Thesis Defence)**

This should be submitted to the Univ Cell as ONE hard copy and 2 identical CDs with the soft copy. Any additional hard copies should be printed only after permission from your adviser for the specific number of copies you may print. **The SBB has decided that all final thesis hard copies must be printed BACK-to-BACK and SINGLE SPACED as an eco-friendly measure.** If your Adviser specifically asks you to print with 1.5 spacing, you may do so.
