

## Procedure to use Hostel wireless network in IOS

**Note:** Only TIFR hostel residents residing in Brahmagupta and Patanjali are permitted to use the wireless network. Devices used for wireless internet access in the hostel must be registered through Service Request System ([SRS](#)).

Before setting up wireless follow the below procedure

- Open the Settings on your iPhone, iPad, or iPod, then tap Wi-Fi or WLAN.
  - Tap the information button next to your network.
  - Turn off Private Address.
  - Re-join the network as per below steps.
1. Under Settings | Wi-Fi | Select **Hostel**.
  2. Enter your Username as “your LDAP/roundcube username”.
  3. Enter your Password as “your LDAP/roundcube password”.
  4. Then click on Join button.
  5. Click on Trust button, to connect to the Hostel.
  6. Tick mark at “**Hostel**” shows that your now connected to “**Hostel**” network.
