Greetings from IPA!!

As you are aware the IPA was founded in 1970 and has served as a major forum for physicists in India over last five decades. This has been made possible only because of your active participation and support as well as the financial support from DAE and various endowments. In keeping up with changing times, IPA has expanded its base to online activities –enabling wider national participation. It is important to ensure adequate financial resources to sustain and expand IPA activities in coming years. With this purpose, on the occasion of golden jubilee of IPA, we have setup “IPA jubilee fund”. We appeal to all members, patrons and well-wishers to donate generously to this fund.
